NEW SUBSCRIPTION

PURCHASING A SS1 OR SS5 PLAN

ACTIVATE A NEW SUBSCRIPTION

- 1. Make sure your computer is connected to the internet. This is <u>required</u> to activate a license.
- 2. Launch TubePro
- 3. Access the *Manage License* panel:
 - a) If no valid license is currently activated on this computer, the *Manage License* panel will automatically open.
 - b) If there is already a valid license (different key or trial) activated on the computer:
 - I. In the backstage view, click on *License* and then on *License Manager*.
 - II. In the Eddyfi License Manager panel, click on Manage.
- 4. In the *Manage License* panel, input the license code provided by email in the *License Code* field and click *Activate*.

UPDATE AND SUBSCRIPTION RENEWAL

PURCHASING A SS1P OR A SS1-R

RENEW AN EXISTING SUBSCRIPTION

- 1. After the order was processed by Eddyfi, make sure your computer is connected to the internet.
- 2. Launch TubePro
- 3. The license will automatically be refreshed. You can confirm the next *Renewal Date* at the bottom of the *Manage License* panel.

In the *Current License Information* panel: if the *Status* field is *Valid* with a green check mark, your license is active.

In the *Current License Information* panel: if the Licensing System field is *Connected* with a green check mark, the software has the required internet access to refresh the license.

LICENSE MANAGEMENT

PART B: ACTIVATE ON OTHER COMPUTER

- Make sure your computer is connected to the internet. 1.
- 2. Launch TubePro
- 3. Activate the code on the second PC:
 - If no valid license is currently activated on this computer, the Manage a)
 - License panel will automatically open.
 - In the Manage License panel, enter the License Code. i.
 - ii. Click on Activate.
 - If there is already a valid license (different key or trial) activated: b)
 - In the backstage view, click on License and click on License Manager. Ι.
 - In the Eddyfi License Manager panel, click on Manage. П.
 - 111. In the Manage License panel, enter the License Code released from the first PC.
 - Click on Activate. IV.

Note: After being activated, the License Code is saved, and it is no longer necessary to enter it again.

TRIALS

7-DAY & 30-DAY TRIAL PERIODS

7-DAY TRIAL

7-day trials are available for anyone but can only be activated once for a given computer on any versions.

- 1. Make sure your computer is connected to the Internet. Once the trial is activated, the computer can be disconnected from the Internet.
- 2. Start the desktop software.
- 3. The *Manage License* panel will automatically appear on the screen as there is no valid license activated on the computer.
- 4. Click Request Temporary License or Request Trial and fill in the form. The trial will start immediately.

In the *Current License Information* panel: if the *Licensing System* field is *Connected* with a green check mark, the software has the required internet access to activate the license.

30-DAY TRIAL

For 30-day trials, a license code must be provided by a sales representative.

- 1. Make sure your computer is connected to the internet. This is <u>required</u> to activate a license.
- 2. Start the desktop software.
- 3. Access the *Manage License* panel:
 - a) If no valid license is currently activated on this computer, the Manage License panel will automatically open.
 - b) If there is already a valid licence (different key or trial) activated on the computer:
 - I. At TubePro launch, in the backstage view, click on *License*.
 - II. In the *License* page, click on *License Manager*.
 - III. In the Eddyfi License Manager panel, click on Manage.
- 4. In the Manage License panel, input the license code provided by email in the License Code field and click Activate.
