

Eddyfi Magnifi® GO 5.1R9 Release Note

Release date: February 23rd, 2023

*****Cloud-based licensing system*****

Magnifi 5.x is now activated through a cloud-based licensing system.

For clients under a valid maintenance plan, access to version 5.1 is included and preactivated. After installing the new version, simply connect the instrument to the internet to activate the license.

If you are not under a valid maintenance plan, please contact your Eddyfi Technologies sales representative.

Resolved Issues

Generic

- Fixed a firmware compatibility issue with the Ectane E256 model.
- Multi-timeslots setup files with deactivated groups / topologies correctly supported.

System Requirements

- Reddy for surface (32/32M, 64/64M or 128/128M)
- Reddy for tubing (AC-E)

Firmware

- 2.1R10 (included in MagnifiGO installer package)
